Name: Troy R. Martin
Company:
Address:
City/State/ZIP:
Country: (b) (6)
Home phone:
Work phone:

Records requested:

I am seeking any photographs, brochures, or video that relates to the Rosman Satellite Tracking Station, which the NSA used in the 1980s. The complex is currently being used as a non-profit Astronomical institute, and we are making a documentary on it for broadcast and need materials. The complex is located outside of Brevard, NC and was a NASA satellite tracking station before the NSA used it.

Thank you!
