MEMORANDUM FOR BILL COLBY

SUBJECT: BUDGETARY SUPPORT FOR THE CABINET COMMITTEE  
ON INTERNATIONAL NARCOTICS CONTROL

The Cabinet Committee on International Narcotics Control was created September 7, 1971, by the President to centralize his attack on the international drug traffic.

The Committee does not have a separate budget.

Salary and administrative support for its small, full-time staff has been provided by the Executive Office of the President. Other expenses are being charged to the constituent agencies and departments.

The Bureau of Customs, BNDD, and AID/Office of Public Safety have provided support to date.

The CIA should be prepared to defray not more than fifteen thousand dollars in overseas travel expenses for Cabinet Committee staff during the remainder of FY-1972.

Walter C. Minnick, the Committee's Staff Coordinator, can be contacted for further details.

Thank you for your assistance.

MEMORANDUM FOR: Deputy Director for Management and Services

SUBJECT : Contacts with Individuals Named in the Watergate Matter

1. I am addressing this to you instead of to the Director of Central Intelligence since I doubt that the information contained herein is of such significance to warrant his interest and because it has been on record with the Agency since July 1972. However, if you feel that the information is of such interest that it should be forwarded to the Director I shall put it in the proper format to do so.

2. My only contact with anyone named in connection with the Watergate and related matters was through [ ] a former Agency employee now retired and living in Winterhaven, Florida. In December 1971 [ ] called me from Florida and advised that he wanted to get in touch with Howard Hunt. He said that he did not have Hunt's home phone number and that it was probably unlisted but that since Hunt was a former employee, could I contact Hunt and ask him to give [ ] a call. I had only met Hunt once about 10 years before but I agreed to relay the message. I called Howard Hunt at his home and told him that [ ] did not have his home phone and requested he call [ ]. Mr. Hunt thanked me for relaying the message and said that he would call [ ]. This seemed of little consequence to me in December 1971 but in July 1972 [ ] of the Office of Security contacted me in regard to the FBI investigation of the Watergate situation. At that time I informed [ ] of the telephone call from [ ] in December 1971. Attached is a copy of a Memorandum for the Record prepared by [ ] as a result of our conversation.

3. In the summer of 1972 I took my family to Disney World in Florida and took that occasion to drop in to see [ ]. [ ] told me in a private conversation that he had been interviewed three or four times by the FBI in connection with the Watergate affair and he related to me his contact

with Howard Hunt. On 19 July 1972 after my return from Florida I reported this conversation to the Director of Security and made it a Memorandum for the Record. This memorandum was sent to Mr. Colby and a copy of the memorandum is attached.

4. Other than knowing Mr. McCord through his employment with the Agency and meeting Howard Hunt once in about 1959, I do not know nor have I had any contact with any individuals named or knowledge of related matters now receiving attention in the press.

## MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with [REDACTED]

1. While on leave visiting Disney World in Florida, I dropped in to see [REDACTED] who lives in Winterhaven, Florida. [REDACTED] retired from the Agency about five years ago on disability due to a serious heart condition. He was with the Office of Security for about 20 years prior to his retirement.

2. During a private conversation [REDACTED] told me that he had been interviewed three or four times by the FBI in connection with the McCord-Hunt affair. I asked him why he had been interviewed, and he told me that in late 1971 he had been contacted by Howard Hunt who suggested that he consider an assignment as Security Officer for the Republican Party. [REDACTED] visited Washington in January 1972 to discuss the proposed position with Howard Hunt who apparently was acting on behalf of the Republican Party. [REDACTED] furnished a resume to Hunt and discussed the position with him. Ultimately, he decided not to accept the position because he felt that his heart condition would not allow him to become involved in such activity.

3. According to [REDACTED] during the meeting with Mr. Hunt they discussed some of the requirements of the job. At that time they discussed a need for both a positive and a counteraudio program and a need for a good security system both before and during the National Convention. [REDACTED] indicated that he sincerely believed that the Republican Party did need a security officer and a good security programmer but felt that he could not afford to accept the job even though it was a very lucrative offer. Apparently, money was not a problem.

4. When [ ] declined, he indicated that Mr. Hunt asked for any other recommendations he might have. According to [ ] he told Mr. Hunt that most of the people he knew were still in the Agency, but he did furnish the name of [ ] who might be possibly ready to retire from the Agency.

5. [ ] informed me that he assumed that the Bureau obtained his name due to the resume he furnished Mr. Hunt. He said that the Bureau had talked to him on three or four occasions and that he had written up about a 40 page statement concerning his dealings with Mr. Hunt. When asked about Mr. McCord, [ ] said that he really did not know McCord that well and declined any knowledge of Mr. McCord's technical capability:

6. [ ] indicated that he had not been in touch with Mr. Hunt since the early part of 1972 and knew nothing of the Watergate operation. He stated that he had gained the impression from the Bureau interview that the technical devices were being removed at the time of the arrest and were not being installed as originally reported.

7. All of the above information was volunteered by [ ] and I really did not get involved in any discussion on the matter other than to comment that I hated to see the Agency's name connected with such an incident in any way. The above conversation took place during a 10 or 15 minute period and no other discussion relating to this incident was held. It is being reported for the record and for information of the Director of Security.

## MEMORANDUM FOR THE RECORD

SUBJECT: Charles W. Kane  
[redacted]

1. Last week Special Agent Arnold Parham of the FBI contacted the Acting DD/OS. He asked whether or not the Subjects worked for the Central Intelligence Agency. Previously, requests of this nature were followed up by the FBI with an interview of the subjects.

2. I briefed Mr. Colby who is the Agency's focal point on the "Watergate" case and the Acting DD/S of the FBI inquiry. Mr. Colby suggested that we determine the extent of involvement and indicated that we advise the Bureau of their employment.

3. When Agent Parham was again contacted and advised of the Subjects' employment with the Agency, he indicated that the Bureau does not wish to interview them.

4. The office of the DD/PS will interview [redacted] in the same fashion as [redacted] was previously interviewed.

*Already in file  
7/21*

5. I called Mr. Kane both at his office and his residence and learned that he is in Florida and will return to duty on 17 July. I called Mr. Kane this morning to advise him of the inquiry.

6. Mr. Kane stated that he has no firm conclusion as to how the Bureau obtained his name. He stated that he has seen Mr. Hunt on only one occasion in 1959. At that time Hunt was the Chief of Station, [redacted]. The meeting was occasioned

00160

by the fact that Mr. Kane [redacted]  
[redacted] Mr. Kane stated further that around  
Christmas time of 1971 he received a call from [redacted]  
who wanted to get in touch with Mr. Hunt. [redacted] asked  
Mr. Kane how he could get in touch with him. Mr. Kane obtained  
Mr. Hunt's telephone number through telephone information channels  
whereupon he passed the number on to [redacted]

7. Mr. Kane stated that he has information that [redacted]  
has talked to the FBI on several occasions in connection with the  
current investigation and that he surmises that the Bureau may  
have obtained his name from him.

MEMORANDUM FOR: Director of Central Intelligence

SUBJECT : Support Furnished to Elements of the Government  
 Outside of the Intelligence Community

The Interagency Audio Surveillance Countermeasures Training Center (ITC) was established at the instigation of this Committee and opened in late 1968 under the executive management of CIA. The need for such a school had been recognized by the National Security Council's Technical Subcommittee as far back as 1962 and was re-emphasized by the Security Committee of the USIB in their October 1964 report titled "Damage Assessment of the Technical Surveillance Penetration of the US Embassy, Moscow."

Membership on the TSCC has been confined to agencies and departments who are represented on the USIB. From time to time other elements of the Government have indicated their concern over the audio surveillance threat and asked for membership on the Committee. In all cases they have been turned down with the suggestion that they take advantage of the TSCC's product either through liaison with the security organizations of the Committee's members or by nominating students to attend the ITC. During CY-72 the following students were trained at the ITC:

Central Intelligence Agency	10
Defense Intelligence Agency	5
Department of the Air Force	25
Department of the Army	50
Department of Justice (BNDD)	4
Department of the Navy	5

1. Date of retirement: 30 April 1970
2. System: CIA Retirement and Disability System
3. Grade and salary at time of retirement: GS-15, Step 8 - \$28,226
4. Creditable civilian service used in computing annuity:
  - 17 May 1948 to 8 June 1948 - Economic Cooperation Administration
  - 9 June 1948 to 19 February 1949 - State (ECA)
  - 8 November 1949 to 30 April 1970 - CIA
5. Annuity:
  - At retirement - \$1,020 per month
  - At present - \$1,181 per month (which includes cost-of-living increases since date of retirement)
6. At the time of retirement Mr. Hunt did not elect survivorship benefits. This meant that upon his death, his wife would not draw a survivorship annuity. By letter of 5 April 1971 he raised the question of changing his election but was informed by the General Counsel on 6 May 1971 that this could not be done. By letter dated 5 May 1972 Mr. Hunt asked Mr. Houston to raise with the Director the possibility of being recalled to duty for a short period of time, after which he could retire again and elect survivorship benefits. By letter of 16 May 1972 Mr. Houston advised Mr. Hunt that to call him back to duty solely for the purpose of permitting him to change survivorship benefits would be in violation of the spirit of the CIA Retirement Act.

This document was produced in two versions--one with the chapter on radical students in America (pages 25-39) which was sent only to the President, Walt Rostow, and Cy Vance (former Deputy Secretary of Defense); the other version without the references to the American scene was disseminated to twenty people outside the Agency. This document without the material on the US was updated in February 1969 and copies were sent to the Vice President and Dr. Kissinger. MEMORANDUM

SUBJECT: Dissemination of CCI Paper on Student Dissidents

1. Dissemination to the Cabinet and within the Intelligence Community--The paper Restless Youth is sensitive because of its subject matter, because of the likelihood that public exposure of the Agency's interest in the problem of student dissidence would result in considerable notoriety, particularly in the university world, and because pursuant to Mr. Rostow's instructions, the author included in his text a study of student radicals in the United States, thereby exceeding the Agency's charter. We have sanitized the paper for dissemination to the members of the President's Cabinet and within the Intelligence Community by eliminating altogether the chapter which discusses Students for a Democratic Society (SDS) and by striking from the Prospects section all mention of SDS.

2. Outside the Community but within the Government--We believe that the basic text should be further edited for the purpose of eliminating even the most casual reference to the domestic scene--lest someone infer from such a chance reference that the original paper had contained a section on American students. The nineteen country chapters which form Part II of Restless Youth can be disseminated within the Government, provided that the controls appropriate to their classification are observed. To do the editing and reprinting required would take several days at least.

3. Release to the academic world or to the public--For the reasons set forth above, we believe that release of the basic text would harm the Agency. The country chapters could not be released without first being rewritten to eliminate all classified information. Once this was done,

~~SECRET~~

they would duplicate information already available in the open press. There is no lack of overt literature on the subject of student dissent; virtually every publisher includes at least one title on his current listing. Moreover, other agencies of government, such as Health, Education and Welfare, have sponsored research on the subject and are prepared to publish their findings. Consequently, we recommend against public release.

## MEMORANDUM FOR THE RECORD

SUBJECT: Research Project on Robert Vesco

1. On 16 October 1972 Messrs. Breckinridge and [redacted] in the course of a Survey, were briefed on activities of the Atlantic/Pacific Division of the Office of Economic Reports. One project cited was a query from the Director, apparently at the request of Secretary Shultz, to the effect, "What do we know about Vesco," the man then running IOS. Two of OER's analysts were assigned to the project and, working through the Domestic Contact Service, spent a day going over the files of the Securities and Exchange Commission. There apparently was some contact also with EUR Division of the Deputy Directorate for Plans and with the Office of Current Intelligence.

*Research*

2. The information above is based on rough notes and obviously is sketchy. It is cited now not to suggest any wrongdoing but because of the current publicity about Vesco and the probability of continuing probes into the subject by the press and the courts.

FROM : Deputy Director for Intelligence

SUBJECT : Activities Possibly Outside CIA's  
Legislative Charter

1. This memorandum responds to your instruction to report any activities which might be considered outside CIA's legislative charter.

2. All Office and Staff chiefs in the Intelligence Directorate have reviewed the past and present activities of their components. I have received responses from all of them, and none reported any activities related to either the Watergate affair or the break into the offices of Ellsberg's psychiatrist. Although contacts with three of the people allegedly implicated in these incidents were reported, these contacts were on matters other than the two improper activities:

Hunt: Col. White, Richard Lehman, and I talked to Hunt in late 1970 regarding his preparation of a recommendation in support of the Agency's nomination of R. Jack Smith for the National Civil Service League Award.

Mitchell: While Mr. Mitchell was Attorney General, an OCI officer was assigned the task of providing him with daily briefings on foreign developments.

Young: Harry Eisenbeiss and [redacted] of CRS had frequent contacts with Young during the summer of 1972 in connection with Executive Order 11652 and the implementing NSC directive. This involved visits by Young to CIA to discuss information storage and retrieval and several meetings of an inter-agency group dealing with the implementation of the Executive Order and directive.

3. In accordance with my instructions, several Offices reported domestic activities which might appear questionable to outsiders. Their responses are attached. Most of these activities are clearly within the Agency's charter, but there are a few which could be viewed as borderline.

- [redacted]

- DCS accepts information on possible foreign involvement in US dissident groups and on the narcotics trade when sources refuse to deal with the FBI and BNDD directly.

- [redacted]

- DCS, for six months in late 1972 and early 1973, was acquiring telephone routing slips on overseas calls.

- [redacted]

- NPIC and COMIREX review satellite imagery from NASA programs to identify photography too "sensitive" for public release.

-2-

~~SECRET~~

00181

- NPIC has examined domestic coverage for special purposes such as natural catastrophies and civil disturbances.
- OCI, in 1967 and 1968, prepared intelligence memoranda on possible foreign connections with the US anti-war movement and world-wide student dissidence (including the SDS) at the request of the White House.

- FBIS has on occasion supplied linguists to work directly for another agency, e. g. , to the FBI to translate Arabic in Washington.
- FBIS monitors radio press dispatches and reports covered by copyright. These are circulated within the Government and stamped "Official Use Only". This has gone on for three decades without problems.
- FBIS has monitored and reported on foreign radio broadcasts of statements and speeches of US citizens such as those by US POWs in Hanoi, Jane Fonda, and Ramsey Clarke.

SUBJECT: DCS Domestic Activity

To the best of my knowledge, DCS has not engaged in any activity outside the CIA charter or that could be construed as illegal. Some of the functions that we perform under HR 1-13f (i) of providing operational support within the US to all elements of CIA and to the USIB-member agencies, however, are perhaps borderline or could be construed as illegal if misinterpreted. For example:

5. Collect information on possible foreign involvement or penetration of US dissident groups, but only in a passive manner and only when the source has refused to pass the information directly to the FBI.
6. Collect information on the narcotics trade, but again only in a passive manner when the source has refused to pass the information directly to BNDD or the FBI.

1. OCI provided current intelligence briefings to John Mitchell as Attorney General. With the approval of the DCI, this practice began in the pre-inaugural period in New York and continued until Mr. Mitchell's resignation as Attorney General. The OCI officer assigned to this duty had a daily appointment with Mr. Mitchell in his office at Justice.

2. The briefings provided were strictly on foreign intelligence, and were a legitimate service for CIA to provide to an official advisor to the President who sat on, among other bodies, the 40 Committee. It must be presumed, however, that our man's daily visits were known and speculated on elsewhere in Justice. The problem comes in the potential press treatment: "CIA Officer in Continuous Contact with Mitchell."

1. OCI began following Caribbean black radicalism in earnest in 1968. The emphasis of our analysis was on black nationalism as a political force in the Caribbean and as a threat to the security of the Caribbean states. Two DDI memoranda were produced on the subject: "Black Radicalism in the Caribbean" (6 August 1969), and "Black Radicalism in the Caribbean--Another Look" (12 June 1970). In each a single paragraph was devoted to ties with the US black power movement; the discussion primarily concerned visits of Stokely Carmichael and other US black power activists to the Caribbean and other overt contacts.

2. In June 1970, Archer Bush of OCI was asked to write a memorandum with special attention to links between black radicalism in the Caribbean and advocates of black power in the US. The record is not clear where this request originated, but it came through channels from the DCI. The paper was to be treated as especially sensitive and was to include material provided by the Special Operations group of the CI Staff. The CI Staff material was voluminous but did not provide meaningful evidence of important links between militant blacks in the US and the Caribbean. This, in fact, was one of the conclusions of the paper. The memorandum was produced in typescript form and given to the DCI.

3. For several months in the first half of 1968 the Caribbean Branch wrote periodic typescript memoranda on Stokely Carmichael's travels abroad during a period when he had dropped out of public view. Our recollection is that the memoranda were for internal CIA use only, although a copy of one was inadvertently sent to the FBI.

MEMORANDUM FOR: Director of Central Intelligence  
 VIA : Deputy Director for Intelligence  
 FROM : Director of Current Intelligence  
 SUBJECT : Activity Related to Domestic Events

1. In late spring of 1968 Walt Rostow, then Special Assistant to the President for National Security Affairs, tasked the DCI with undertaking a survey of worldwide student dissidence. Confronted by tumult at campuses like Columbia and mindful of the violence accompanying student outbursts at Berlin's Free University and elsewhere, Rostow sought to learn whether youthful dissidence was interconnected: spawned by the same causes; financed and hence manipulated by forces or influences hostile to the interests of the US and its allies; or likely to come under inimical sway to the detriment of US interests.

2. The paper was prepared by [redacted] of OCI with the assistance of the CA and CI Staffs. The DDI, D/OCI, and [redacted] met with Rostow to elicit the reasons for his or the President's concerns and to agree on the sources to be examined, the research methods to be followed, etc.

3. Written during the summer of 1968, the most sensitive version of Restless Youth comprised two sections. The first was a philosophical treatment of student unrest, its motivation, history, and tactics. This section drew heavily on overt literature and FBI reporting on Students for a Democratic Society and affiliated groups. In a sense, the survey of dissent emerged from a shorter (30 page) typescript study of SDS and its foreign ties the same author had done for Mr. Rostow at the DCI's request in December 1967. (We no longer have a copy.)

4. Because of the paucity of information on foreign student movements, it was necessary to focus on SDS which then monopolized the field of student action here and abroad. A second section comprised 19 country chapters--ranging from Argentina to Yugoslavia--and stood by itself as a review of foreign student dissidence.

5. Because SDS was a domestic organization, the full paper Restless Youth, including the essay on world-wide dissent went only to nine readers. A copy may be in the Johnson Library.

6. Following the paper's favorable reception by the President and Mr. Rostow, the DCI briefed the NSC on student dissent. The sensitive version subsequently was updated and sent to the White House in February 1969.

7. The less sensitive text was disseminated in September 1968 and then updated and issued again in March 1969 and August 1970.

MEMORANDUM FOR: Director of Central Intelligence  
VIA : Deputy Director for Intelligence  
FROM : Director of Current Intelligence  
SUBJECT : Activity Related to Domestic Events

1. In late 1967 OCI participated in the preparation of several short intelligence memoranda dealing with the foreign connections of US organizations and activists involved in the anti-war movement. The main purpose of these reports, prepared at the request of the White House, was to determine whether any links existed between international Communist elements or foreign governments and the American peace movement. The conclusion reached was that there was some evidence of ad hoc contacts between anti-war activists at home and abroad but no evidence of direction or formal coordination.

2. In October 1967 President Johnson expressed interest in this subject and ordered a high level inter-departmental survey. In response to his personal request to the DCI, Mr. Helms asked the CI Staff to collect whatever information was available through our own sources and through liaison with the FBI and to pass it to OCI, which was directed to prepare a memorandum from the DCI to the President.

3. A book message requirement was sent to all stations to report whatever information was on hand relevant to this subject. Although agent reports on Communist front operations overseas were of some value, the primary source of information on the activities of US activists--and that was quite limited--was sensitive intercepts produced by NSA, which had been similarly tasked by the White House.

5. Brief follow-up memoranda were prepared and forwarded to the White House on 21 December and 17 January 1968. According to our best recollection, no further finished intelligence reports on international connections of the peace movement were produced.

MEMORANDUM FOR: Deputy Director for Intelligence *ELW*  
SUBJECT: Contacts with David Young

1. In the summer of 1972, I had frequent contacts with David Young. He was in this building under my control once. These contacts related solely to Executive Order 11652 and the NSC directive concerned therewith. Young was apparently at the time in the process of drafting the NSC directive. The visit to the building under my control was for a briefing on CRS processes for storage and retrieval of documents and is apparently reflected in the paragraph of the directive concerned with the Data Index. I visited him in his White House office at least twice in the company of an inter-Agency group concerned with the Data Index.

2. In August of 1972, [redacted] also visited Mr. Young's office in the company of an inter-Agency group to discuss CIA compliance with the data index instructions. To the best of my knowledge no one in CRS had any contact with Mr. Young in his role as a "plumber."

MEMORANDUM FOR: O/DDI

SUBJECT: Involvement In Domestic Affairs

1. This memorandum responds to the DDI's request for a listing of any questionable involvements in domestic affairs. I do not believe that CRS is doing anything that a reasonable man could construe as improper.

2. CRS does, of course, have several programs to acquire still pictures, movies, videotapes

3. CRS files do not generally bear on U.S. citizens or organizations. The biographic file-building criteria specifically excludes U.S. nationals unless the person has become of such major importance in the political life of a foreign country that the file is essential. (To my knowledge, only 2 persons so qualify. )

Our Cuban files probably include some persons who are now U.S. citizens but we have no way to separate them; we have files on U.S. defectors to Cuba.)

SUBJECT: Involvement In Domestic Affairs

4. The CIA Library has several informal snag files intended to aid the librarians in answering the kinds of questions that they know they will get on a continuing basis. An appointments file is a collection of clippings on appointed federal officials: who holds what job when and what is his background? The extremist files are a collection of folders on a variety of organizations and a few people with intricate organizational links. Any sort of extremism is grist for these particular files. And a few persons, e.g., Rap Brown and Eldridge Cleaver, have dossiers consisting almost exclusively of clippings from public media. These files are unclassified and consist mostly of clippings from the public press: U.S., foreign, underground, scholarly.

5. I am not aware of any other kind of involvement in domestic activities that is not related to development of techniques or logistics or legitimate training of CRS personnel.

Questionable NPIC Projects1. Leaks of Jack Anderson

In January 1972, NPIC performed image enhancement techniques on TV tapes of a Jack Anderson show. The purpose was to try to identify serial numbers of CIA documents in Anderson's possession. The request was level on NPIC through the Office of Security.

2. The Poppy Project

NPIC has provided the services of one PI to assist an interagency effort to detect poppy cultivation. In addition the Center has provided the contractual mechanism in support of the Bureau of Narcotics and Dangerous Drugs for a multispectral crop study by a private company.

3. Reviews of NASA Collected Imagery

NPIC has and continues to conduct reviews of satellite imagery from NASA programs to identify "sensitive" frames of photography not releasable to the public and to ascertain the intelligence potential of the imagery. This service has been provided for GEMINI and ERTS photography and preparations are underway for review of SKY LAB imagery.

4. Peaceful Uses of Satellite Imagery

NPIC has been requested to provide a number of looks at domestic coverage for special purposes. Examples include:

- Santa Barbara Oil Spill
- Los Angeles Earthquake
- Sierra Snow (flood threat)
- Current Mississippi Floods
- Hurricane Camille Damage on the Coast of the Gulf of Mexico
- Civil Disturbance in Detroit
- OEP U.S. Data Base

MEMORANDUM FOR: DDI

SUBJECT : Sensitive Activities

1. FBIS has been engaged in no activities related to the Ellsberg and Watergate cases.

2. FBIS operations occasionally extend to the domestic arena. From time to time, FBIS linguists are made available to DDO or Office of Communications components for special operations (usually abroad) involving close-support SIGINT work or translation of audio take. On one occasion recently DDO, on behalf of the FBI, requested the services of several FBIS linguists skilled in Arabic to work directly for the FBI on a short-term project here in Washington. The arrangements were made by Mr. Oberg of the DDO CI Staff. He said the project was very highly classified and that FBIS participation was approved by Mr. Colby and the Director. FBIS participation was approved by the Director of FBIS after a check with the ADDI. Other examples of sensitive linguistic support work are help in the handling and resettlement of defectors, the recent assignment of an employee to the Bureau of Narcotics and Dangerous Drugs to transcribe recordings in a rare Chinese dialect, and the detailing of another Chinese linguist on two occasions to assist in the U.S. military training of Chinese Nationalist cadets.

3. Within its responsibility for monitoring press agency transmissions for intelligence information, FBIS publishes and distributes some material which falls in a "gray" area of copyright protection, libel, and privacy of international communications. Press services controlled by national governments and transmitted by radioteletype without specific addressees, e.g. the Soviet TASS service and the PRC's NCNA, are monitored by FBIS and the material is disseminated without restriction. The legality of this has been affirmed by decisions of the Office of General Counsel.

~~SECRET~~  
SENSITIVE

00202

4. The routine FBIS monitoring of foreign radio broadcasts often involves statements or speeches made by U.S. citizens using those radio facilities. Examples are statements made or allegedly made by American POW's in Hanoi, by Jane Fonda in Hanoi and by Ramsey Clark in Vietnam. At the request of FBI and the Department of Justice, and with the approval of the CIA Office of General Counsel, we have on occasion submitted transcripts of such broadcasts to the Department of Justice as part of that Department's consideration of a possible trial. In such cases, we have been required to submit names of FBIS monitors involved, presumably because of the possibility they might be required as witnesses. (In one case in 1971, an FBIS staff employee was directed to appear as an expert witness in the court-martial of a Marine enlisted man charged with aiding the enemy in a broadcast from Hanoi.) FBIS views all this with misgivings. Monitoring of such broadcasts is incidental and we rue attribution of their news to FBIS, and we should not be considered policemen maintaining surveillance of traveling Americans.

SUBJECT: Documentation Support for Use in the United States

1. As you are aware this office provides document support for a variety of covert activities.

Specific use is not always available to this office and should properly come from the requesting office who can provide the details. U.S. alias documentation use in the United States is approved by the Office of Security and normally has the concurrence of Central Cover Staff or FI and CI Staffs. ## MEMORANDUM FOR THE RECORD

SUBJECT: Loan of Tape Recorder to Passport Office

1. Late in 1971 (December, I believe) the Deputy Director for the Passport Office, Department of State, (Mr. Robert Johnson) informally queried me on whether that office might borrow a small tape recorder for use by the Director of the Passport Office (Miss Frances Knight) to record a meeting she had scheduled with representatives of a foreign government.

2. I conveyed this request to the then Chief, [REDACTED] and subsequently held several discussions with representatives of our [REDACTED] office. It was decided to loan the Passport Office a small commercial recorder (Norelco Cassette Recorder, Model 150), which we had in stock.

3. A representative of our Training Branch [REDACTED] and I delivered the recorder to Miss Knight's office and [REDACTED] demonstrated the recorder's capabilities and instructed her in its use. She did not seem too pleased at the recording quality; however, the recorder was left with her.

4. On this date (21 May 1973) I asked Mr. Johnson to check on the status of the recorder. He said it was never used in any way. I therefore retrieved it from the Passport Office and delivered it to Training Branch [REDACTED]

MEMORANDUM FOR: Deputy Director for Science &amp; Technology

SUBJECT : TSD Support to Other Agencies

1. Technical Services Division's charter (CSI 1-8) requires that it provide technical assistance to both CIA operations and other activities as may be directed by the Deputy Director for Operations.

2. Over the years the chief non-CIA recipients of this support have been the Department of Defense, the Federal Bureau of Investigation, Bureau of Narcotics and Dangerous Drugs, Immigration and Naturalization Service, Department of State, United States Postal Service, Secret Service, Agency for International Development, and the White House.

3. While varying widely among the different recipients, these services have included training and materials, and in a few instances participation in the fields of audio and visual surveillance, secret writing and related communications, personal protection, alias documentation and questioned document examination, disguise, concealment devices, electronic beaconry, illicit narcotics detection, and counter-sabotage/terrorism.

4. In most instances requirements for this support are received by TSD through higher echelons (Office of the Director or Deputy Director for Operations). Unless the service involved is a trivial or continuing one, the request is referred to the Foreign Intelligence Staff Departmental Coordination Group for coordination and approval at the appropriate Agency levels. Approval within TSD by the Chief of Operations or Development and Engineering and the Chief of TSD or his Deputy also is required.

5. The attachment lists the primary services provided to the organizations named in Paragraph two.

6. Issuance of forged personal identity documentation by TSD is controlled according to two broad criteria: type of requester; and type of documentation requested. A request for denied area documentation from a DDO Area Division is honored after proper validation. Free world documentation may require some extra coordination however.

7. Unless ordered otherwise by higher Agency authority, no U.S. documentation is issued by TSD Headquarters without prior coordination with the Office of Security and the Central Cover Staff. TSD Regional Bases require at least the validation of U.S. documentation requests by the COS, or his designated representative, of the requesting Station. Because it could be used [redacted] no U.S. Birth Certificate is issued without approval of the DDO via Central Cover Staff. Backstopped major credit cards are issued by Office of Security, not TSD.

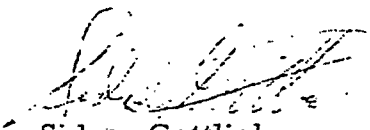

8. Provision of forged documentation to non-DDO requesters, whether they be CIA or other Agency requesters, always requires approval of non-TSD offices. Support to the military for instance would be validated by FI Staff/Departmental Coordination Group at Headquarters or by the COS overseas having responsibility for coordination of the operation. BNDD requests are coordinated with DDO/NARCOG. Requests for documentation of Immigration and Naturalization Service is coordinated via the Alien Affairs Staff.

9. Authentication items are issued on a loan basis and must be returned to TSD or accounted for. After any documentation has been issued, TSD retains photographs and records of such support until the documentation has been returned to TSD. If the material is not returned after a reasonable time, the requester is reminded of the outstanding documentation.

MEMORANDUM FOR: Chief, SDB

ATTENTION: Executive Officer

SUBJECT: Contacts with Domestic Police Organizations

1. In December 1968, July 1969 and December 1970, SDB provided basic countersabotage familiarization training for selected members of the Washington metropolitan area police departments. The training was given at the Fairfax County police pistol and rifle range. Authorization for the training came from DDP and Chief, Office of Security.

2. On occasion during the past few years, under the auspices of the Law Enforcement Assistance Administration of the Department of Justice and with the approval of CI Staff and Office of Security, SDB provided training and familiarization to police officers of several domestic police departments in the uses of the Explosives Residue Detection Technique and Trace Metals Detection Technique. These techniques had been declassified and are currently available to the law enforcement community. The National Bomb Data Center publishes periodic guidance in their uses.

3. In order to augment the SDB mission responsibilities in the field of countersabotage and counterterror, SDB officers have in the past two years visited, under appropriate covers, the explosives disposal units of the New York City police department, Dade County (Miami) Florida Dept. and the Los Angeles Police Dept. Also, in March 1973, two SDB officers attended the Explosives and Ordnance Disposal Conference in Sacramento, California, sponsored by LEAA. When the recent letter bomb menace began in September 1972, our liaison with the NYCPD bomb squad paid off in that we had complete information on letter bomb construction in hours, enabling the Agency to make worldwide dissemination within a day.

MEMORANDUM FOR: Deputy Director for Science and  
Technology

SUBJECT: Repeated Survey of ORD for Non-  
Foreign Intelligence Activities

The 7 May survey has been repeated and refined with respect to all ORD services or dealings with other agencies on domestic, non-foreign matters. In addition, this report covers all our activities dealing with the research and development of intelligence equipment for foreign use which has been tested in the United States and might have collected domestic information. Again, each member of ORD available today was asked either directly or through his supervisor to provide the above requested information, whether he was directly involved or not. We have used all diligence to search our records available to us during this time period to ensure this is a complete and factual list.

DOMESTIC TESTS FOR  
AGENCY RESEARCH AND DEVELOPMENT EFFORTS

1. As a normal part of ORD's efforts in the research and development of equipment and techniques for Agency applications in foreign intelligence, we conduct experiments and tests in the United States. Clearly, the design and development of our intelligence equipments can be done more economically and more securely in this country. Although most of the tests of our R&D equipments are performed in closed laboratories or in secure areas simulating the foreign environment, some of the tests and experiments, of necessity, reveal domestic information.

2. A review of the surveillance equipment or techniques which have at some time or other been exposed to domestic testing is as follows:

a. Laser Probe - About 1967, the laser probe developed by ORD was tested by TSD in San Francisco under very closely controlled conditions. The ORD Project Officer witnessed portions of the test. Recordings that were made of laser probe output were carefully controlled as classified material and it is believed that the tapes have long since been destroyed. [REDACTED]

b. [REDACTED] System - About 1968, this system was tested [REDACTED]. This system is designed to permit intercept of [REDACTED]. [REDACTED] Recordings of these [REDACTED] intercepts were carefully controlled and were destroyed several years ago.

c. Telephone Intrusion Study - [REDACTED]

[REDACTED]

Many of these are patterned after the U.S. system and, for this reason, limited monitoring to test the operation of intercept equipment in the United States is planned. [REDACTED]

[REDACTED] Message content is of no interest and will not be recorded. Overseas testing is planned at a subsequent date. To date, some domestic testing of this concept has been carried out at the contractor's plant. No recordings have been made of such data. Extremely brief tests exercising U.S. and foreign telephone systems [REDACTED]

[REDACTED] have been carried out to verify initial concepts. The duration of testing was less than one-half hour.

d. Other Sensor Testing - Examples of engineering development tests of special sensors within the United States include [REDACTED] and [REDACTED]

[REDACTED]

In all these cases, the data output of such testing has been used for engineering development and the content has been restricted to dissemination to those in Government involved with the engineering design.

SUBJECT: Domestic Tests for Agency Research and Development Efforts

e. Remote Physiological Measurements -  
 An ORD-developed [redacted] is being tested at a contractor's site for use as a remote cardiograph [redacted]. Some test subjects are witting, but most tests are on naive subjects (they do not know they are being tested). The [redacted] is completely harmless to the subject and the test results are closely held.

f. Personality Structure of Defectors Study - ORD undertook to determine the personality structure of defectors during the period 1966-69. The work primarily involved an analysis of the open literature on known defectors. An ancillary effort was concerned with a study of the phenomenon of defection itself, i.e., leaving one religion for another, or changing one set of political beliefs for another. The work was conducted at Stanford University. [redacted]

g. [redacted]

h. Communications Link Loading Study - [redacted]

Under carefully controlled conditions, some U. S. microwave communications were recorded and passed through the intercept system under test to prove quality of performance. All intercept material connected with this was destroyed within a few weeks of the time of intercept and the material was never checked for substantive content. [redacted]

SUBJECT: Processing Tapes for Bureau of Narcotics  
Dangerous Drug Division

1. On 1 November 1971, Mr. Charles Gaskins of the Bureau of Narcotics Dangerous Drug Division called to request the assistance of S&D/IC/SAW to improve the intelligibility of several tapes recorded conversations. Mr. Gaskins had been employed by the Agency in the Technical Security Division and had become aware of the speech processing capability in the SAW laboratory through his Agency work. I suggested that he bring the tapes to the laboratory to determine the feasibility of enhancing the subject conversations.

2. On 2 November 1971, Mr. Gaskins appeared at the SAW laboratory with a tape containing a number of conversations recorded through legal wiretapping. The tape was to be used in the prosecution of one of the subject speakers on or about 4 November 1971. A cursory analysis indicated that most of the conversations could be made more intelligible through the processing available in the laboratory. In view of the time critical nature of the request, processing was begun immediately. However, Mr. Gaskins was informed that future processing might need to be handled more formally, i.e., with approval from higher levels within the Agency. If similar requests would be occurring on a frequent basis I suggested that BRDDD personnel could be trained in the use of the processing system.

OEL-010-73

MEMORANDUM FOR: Deputy Director for Science and  
Technology

SUBJECT: Policy Regarding Assistance to Agencies  
Outside the Intelligence Community on  
Speech Processing Problems

1. Recent public concern over Agency affiliations with law enforcement activities has made me wary of offering speech processing assistance to various other government agencies. My concern here is restricted to government activities outside the intelligence community. Because of a scientific community awareness of the expertise of members of OEL in speech processing problems, we are often asked by individuals in government for help on various speech problems. The requests are usually informal on a person-to-person basis. While most of these contacts involve only an exchange of unclassified information, several have involved the use of laboratory resources.

2. Contacts have come from the FBI, Attorney General's office, Bureau of Narcotics and Dangerous Drugs (BNDD), Post Office, and the Treasury Department. Of the above, assistance to BNDD had been specifically sanctioned by Mr. Helms. In one recent instance where a noisy tape was to be used in a court case, care was taken to insure that the processing of the tape was done entirely by a BNDD employee even though it was done in an Agency laboratory using the Agency's Coherent Spectrum Shaper equipment.

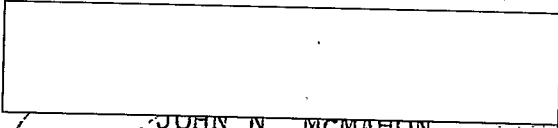

~~CONFIDENTIAL~~

00266

OEL-010-73

Page 2

3. Providing services of this kind to other agencies has not as yet imposed a significant workload on us and there is a benefit to us in that such contact enables the staff to test techniques and equipment on a variety of speech problems. Informal interactions at the technical level are fruitful in terms of helping us to accomplish Agency goals. Hence we would be willing to continue to support other departments on an ad hoc basis, but would appreciate your guidance re the wisdom of OEL's involvement in "domestic" activities.

9 July 1970

The Director advised the DD/I that White House staffer Houston and Presidential Counsellor Pat Moynihan thought well of the memorandum on "Black Radicalism in the Caribbean."

10 July 1970

Maury briefed on his meeting yesterday with Congressman Richard Ichord, Chairman of the House Internal Security Committee, who had asked what we are doing to investigate "security leaks" connected with press accounts of Lon Nol's having sold rice to the Communists and having engaged in an attempted deal with Hanoi. Maury briefed on his explanation of why we are doing nothing, since such reports are not exclusively confined to our information.

1 September 1970

Maury noted that the Director sent a letter to Congressman Moss on telephone monitoring practices.

3 September 1970

The Director noted a 1 September memorandum from John Bross on Daniel Elsparg (sic). He asked the DDS to lift his clearances and to make this fact known in security channels.

15 October 1970

DDS reported that the Weathermen have declared this month for their fall offensive and have mentioned the Agency as a target for bombings and kidnapping. He briefed on precautionary measures adopted and asked senior officers to vary their route to and from work, and to report any peculiar telephone calls or unusual events around their residence.

28 October 1970

DDP reported that the FBI desires to check for fingerprints on all cryptogram messages mailed to high Government officials. The messages will then be passed to NSA for exploitation. DDP requested that Agency personnel who receive such messages pass them to him for transmittal to the FBI.

10 December 1970

DDI noted press accounts of FBI Director J. Edgar Hoover's 19 November statement that the Black Panthers are supported by terrorist organizations. He said that we have examined the FBI's related files and our own data and find no indication of any relationship between the fedayeen and the Black Panthers. He provided the Director with a memorandum on this topic.

23 December 1970

Executive Director called attention to the President's 21 December memorandum on "Disclosures of Classified Information and Coordination and Clearance of Official Statements," which is believed to be the result of representations by the Director and Admiral Anderson. Executive Director said that he will meet with selected Executive Committee Members next week to discuss the memorandum's implications and to develop recommendations for action by the Director in view of the special responsibilities placed on him by the President.

29 December 1970

Executive Director reminded Executive Committee participants about the meeting involving most of them this morning on the President's directive on disclosure of classified information.

30 December 1970

Executive Director briefed on the results of yesterday's meeting on what the Director now needs to do in pursuance of the President's directive on disclosure of classified information. He will outline in the Director's briefing book actions which are to be taken.

14 January 1971

Bross said that he and Bronson Tweedy will have lunch today with General Bennett, Director of DIA. The Director said that he might ask Bross to take along a copy of his letter and guidance on the Disclosures of Classified Information and Coordination and Clearance of Official Statements but that he first wishes to clarify with the Executive Director some of the language in the guidance section.

18 January 1971

Maury said that he anticipates a number of questions from the Hill on the attached article by Jack Anderson in today's Washington Post, "6 Attempts to Kill Castro Laid to CIA."

Houston related that he will have lunch today with Assistant Attorney General Robert C. Mardian to discuss the Director's guidelines on the disclosure of classified information.

Bross related that Parrott met with General Bennett to review the Director's letter on disclosure of classified information and said that General Bennett will now discuss it with Deputy Secretary Packard, who may in turn review it with Secretary Laird. The Director asked to be advised of Secretary Packard's reactions and said that he wants to check the final guidance with Secretary Laird and with someone in the White House before it is issued.

23 February 1971

DD/P called attention to Jack Anderson's column in today's Washington Post, "Castro Stalker Worked For The CIA."

1 July 1971

"Carver noted that Secretary Laird had requested that our printing plant assist in reproducing the forty-seven-volume secret Pentagon study on Vietnam for distribution to the press and others this morning. This request was aborted by the President." (DDCI in the chair)

2 July 1971

"DD/S said that in the absence of [redacted] attended a meeting at the White House yesterday of the interagency group which is reviewing classification and declassification policy. The President spent an hour with the group and said that he wants: ... and (6) the revocation of all clearances and the return of all classified material held at Harvard, Brookings, Rand, and Cal Tech, as well as the withdrawal of Q clearances held by the Regents of the University of California. A brief discussion followed, and the Executive Director noted that DOD has asked us to provide information on all our contracts with Rand, as well as all clearances held by Rand personnel for our purposes. Acting Director asked that we assemble data pertaining to the President's remarks but that we take no action until the President's guidance has been confirmed and the DD/S has provided a memorandum on it." (DDCI in the chair)

"Carver reported that they will probably complete their detailed review of the secret Pentagon papers by 6 July."

"Warner called attention to Secretary Rogers' request that the press permit the Government to review in advance potentially damaging documents from the Pentagon papers."

~~SECRET~~

6 July 1971

"Carver said that their review of the secret Pentagon study on Vietnam has almost been completed."

00285

7 July 1971

"Carver said that he will be attending a meeting today called by Assistant Secretary of Defense for Public Affairs Daniel Henkin. He added that he assumes it will concern the declassification of some of the secret Pentagon papers and that, if it does, he will seek the Director's advice." (DDCI in chair)

"At the Executive Director's request, the DD/S agreed to get together with the DD/S&T and General Counsel to prepare a briefing paper for the Director on where we stand with respect to classified materials at Rand and efforts to safeguard them."

"Maury reported that Congressman Mahon would like to meet with the Director on 9 July to discuss the Pentagon papers and various world hot spots. Carver said that he will prepare a briefing paper for the Director on the Pentagon study."

"Carver briefly noted [redacted] concern over the revelations in the Lansdale memorandum, which was surfaced as part of the Pentagon papers."

8 July 1971

"DD/S reported that a DOD security team is going to Santa Monica to repossess classified Defense materials held at Rand. He suggested that,

rather than take parallel action, we send a Security Officer to observe the operation and inventory Agency materials in the possession of Rand. In response to the Director's question he explained that we have seven contracts with Rand; only one is classified, and it is with Rand's Washington office, although some material could have been sent to Santa Monica. The Director concurred and requested a review to determine the essentiality of current proposed contracts with Rand. Houston commented that according to DOD General Counsel Buzhardt, DOD is technically under instructions to lift the security clearances of Rand contractors but has taken no action. DDCI reported that John Ehrlichman had telephoned to advise us that the White House is appointing former CIA employee Howard Hunt as a security consultant. Later in the meeting the Director asked all Executive Committee members to review their lists of consultants to determine whether each is really needed."

"Carver briefed on his meeting yesterday with Assistant Secretary of Defense for Public Affairs Daniel Henkin and noted that any further excisions from the text of the secret Pentagon papers must be provided by Monday. He added that no decision has yet been made on whether to release to the public the volumes or a version thereof. The Director noted that we should oppose any such course of action."

00286

16 July 1971

Carver said that [redacted] was most appreciative of the time which Houston spent with him yesterday.

9 July 1971

"In response to the Director's question Carver reported that none of [redacted] contained in the secret Pentagon papers has yet appeared in the New York Times. He added, however, that the Soviet Embassy has a complete copy of the forty-seven volumes [redacted]  
[redacted]

16 July 1971

"Carver reported that the book which General Lansdale has been writing for a year and a half is now in the hands of the publisher, with some minor changes being made in light of revelations resulting from the publication of the secret Pentagon papers. In response to the DD/P's question Carver said that he might be able to arrange for us to read the text." (DDCI in the chair)

"Tweedy noted that at White House request a PFIAB committee composed of Franklin Lincoln, Dr. William Baker, and Frank Pace will undertake a damage assessment of the publication of the secret Pentagon papers. He added that the committee will want to hear from us and spoke of plans for Houston and Carver to undertake this task."

20 July 1971

"Tweedy reported on a telephone call from Andy Marshall and said that Marshall and Rand President Henry Rowen are brooding about the security problem in Rand. Marshall expressed a desire to talk with one of our senior security officers when he next visits Washington in order to get a feel for security practices in general. Executive Director advised against our getting out front in terms of advising a major DOD contractor on security. The Director approved and requested that we respond to Mr. Marshall's request in low key and that the meeting be held in this building."

22 July 1971 (the day Howard Hunt came to see General Cushman)

"Carver highlighted his session yesterday with NSC staffer David Young, who is assisting John Ehrlichman in reviewing the secret Pentagon papers."

23 July 1971

"Carver highlighted his, Houston's, and [ ] session with the PFIAB committee which is undertaking a damage assessment of the publication of the secret Pentagon papers. (See Morning Meeting Minutes of 16 July 1971.)

6 August 1971

The Director called attention to the article by Michael Getler in today's Washington Post, "CIA Patrols Into China Said Halted," and directed (1) that Maury write a letter for his signature to Senator Stennis making it clear that Senator Case was briefed on this topic and obviously leaked it; (2) that Maury brief Carl March on the background, including the fact that these operations were not terminated because of the President's projected trip to Communist China but because certain aspects of them were previously exposed in the press; (3) that the Director of Security (who was present at the Morning Meeting) get additional background from Maury and see White House staffer David Young; (4) that Goodwin reply to queries by saying that we know nothing about this matter; (5) that Houston and Maury utilize this incident in any material prepared for his use in opposing the Cooper bill; and (6) that the DDCI brief Dr. Kissinger or General Haig on this matter today.

\*\* 13 August 1971

Knoche called attention to the article by Tad Szulc in today's New York Times, "Soviet Move to Avert War Is Seen in Pact with India," and said that the material contained therein on the reason for Foreign Minister Gromyko's visit to New Delhi is clearly from highly classified CS material. The A-DDP noted his concern over this breach of security.

16 August 1971

A-DDP noted that the article by Tad Szulc in Sunday's New York Times, "Attempted Pro-Soviet Coup in Yemen is Reported," contains information from a TDCS. The Director asked that he call this to the attention of White House staffer David Young.

~~SECRET~~18 August 1971

A-DDP noted that he has reported to White House staffer David Young on the results of the Deputy Director of Security's survey of those who saw the classified assessment upon which Tad Szulc based his 13 August article (see Morning Meeting Minutes of 13 August 1971). \*\*

19 August 1971

"Maury briefed on White House staffer John Lehman's request for our assistance in determining what four volumes of the secret Pentagon papers Senator Gravel reportedly provided to Beacon Press for publication. He noted that Paul Chretien of OTR is an acquaintance of the Senator and may be able to assist. Carver said that the four volumes probably pertain to efforts to negotiate a settlement and outlined the sensitive material contained therein. Houston recommended against our involvement in this matter and suggested that the Department of Justice query Beacon Press. Maury said that the Director instructed that we do nothing until Maury consults with Clark MacGregor, Counsel to the President for Legislative and Congressional Affairs, who is out of town and will not return until the first of next week. In the meantime, Maury noted that he will determine from John Lehman whether they have considered consulting the Department of Justice on this matter." (DDCI in the chair)

20 August 1971

"Maury said that he called White House staffer John Lehman yesterday and cited the Code which would permit the Justice Department to go after the four volumes of the secret Pentagon papers reportedly given to Beacon Press. Lehman's reaction was that, since there is an existing policy preventing the use of subpoenas on this matter, he still hopes we will assist in determining what Senator Gravel may have given Beacon Press. The DDCI asked Maury not to utilize Paul Chretien's entree to the Senator without prior consultation with the Director, and Carver commented that he is opposed to our involvement (see Morning Meeting Minutes of 19 August 1971)." (DDCI in the chair)

23 August 1971

"The Director reviewed for Houston a conversation he had with a young lawyer who has reviewed the secret Pentagon papers in response to the Justice Department's efforts to prosecute. According to this attorney, Justice did not cite the appropriate provisions of the Code and has presented its case poorly."

00290

10 November 1971

Lehman said that this is "leak day" in the Washington Post and called attention to the following articles: "Mao's Heir, Lin, Apparently Out in Power Shuffle" by Stanley Karnow, "North Vietnam's Next Move" by Evans/Novak, and "Lin Piao is 'Finished'" by Joseph Alsop (attached). He noted that, while the article by Stanley Karnow provides good coverage of the topic, it has a State Department flavor. He also recalled that on 25 October we disseminated information similar to that contained in the Evans/Novak article. He mentioned that the Alsop article is probably the most damaging, since it includes material

[redacted] The Director noted plans to do something about this problem but advised the A-DDP to cope with any adverse reaction [redacted] by noting the large volume of reports on the political situation in Communist China.

11 November 1971

In response to the Director's question Carver said that some work requested by John Ehrlichman is pending. The Director asked to be filled in later on the details.

20 December 1971

Lehman said that Jack Anderson's column in today's Washington Post, "Hussein: 'Help or I'll Go on a Ghazou'," contains verbatim language from an ExDis message from King Hussein to the President and added that he is looking into the distribution of this message.

28 December 1971

A-DDI called attention to Jack Anderson's columns in yesterday's and today's Washington Post (attached). He noted that the 27 December piece contained material from three SALT ExDis memcons and added that today's column contains quotes from a State LimDis cable and two TDCSSs. A brief discussion followed, the DDP observing that, if these security breaches continue, we will have to limit severely the distribution of sensitive intelligence information.

7 January 1972

Maury said that according to Frank Slatinshek, Chairman Nedzi will rely on us rather heavily for support during his hearings on the problem of classification and handling of Government information (see Morning Meeting Minutes of 6 January 1972). The Director encouraged Maury to see Chairman Nedzi next week, and Houston suggested that the Chairman be provided with the Rehnquist study.

DDP briefed on work under way to limit distribution of reports [redacted] and noted that C/FI is completing a review of steps which might be taken to restrict dissemination of sensitive reports from all sources.

11 January 1972

Maury related that Frank Slatinshek is pressing for background materials pertaining to past efforts or studies related to the classification and control of information. He added that he and Houston will meet with the Director later today to discuss the availability of the Rehnquist study.

12 January 1972

Maury Briefed on his and Houston's session with Frank Slatinshek and their provision of a large volume of material on past efforts to develop effective espionage M laws.

Houston noted the President's nomination of Henry E. Petersen to become Assistant Attorney General in charge of the Criminal Division of the Justice Department. He observed that Mr. Petersen has been most helpful to the Agency in the past, particularly on the Itkin case.

13 January 1972

Maury noted that the draft revision of Executive Order 10501, "Security Classification Procedures," which is being circulated by the NSD staff for comment, is a follow on to the Rehnquist study.

18 January 1972

DDI called attention to the article in today's New York Times, "Nixon Acts to End Security Leaks." (Excerpt: "Last July, two members of the White House staff, David R. Young of the National Security Council and Egil Krogh Jr. of the Domestic Council, were asked to investigate earlier leaks and prevent recurrences.")

3 February 1972

A/DDS reported the House Appropriations Committee request for a finance officer to assist them in work on the budget. He added that we have provided such assistance in the past, and the Director interposed no objection.

7 February 1972

Houston explained that no action will be taken in the near future with respect to the Hans Tofte case, since the judge has been stricken with hepatitis.

8 February 1972

DDI noted the article by Michael Getler in Today's Washington Post, "New Spy Satellites ~~From~~ Planned for Clearer, Instant Pictures." Later in the meeting the Director asked the DDS to advise the Director of Security to undertake an investigation of this leak of EOI-related information and to convene the USIB Security Committee.

11 February 1972

Carver noted his handling of White House staffer Sven Kraemer's request to FBIS for material concerning U.S. POW's. The Director reminded Executive Committee members of Dr. Kissinger's request that any inquiries from elements of the White House staff be referred to his staff for conveyance to the Agency.

Houston highlighted the meeting with John Ehrlichman on the NSC draft Executive Order on security classification. He noted the related article by Sanford Ungar in today's Washington Post, "NSC Urges Stiffer Law On Secrets."

16 February 1972

Lehman noted plans to continue briefing Attorney General Mitchell, whose resignation is effective 1 March.

Houston related that White House staffer David Young has invited him to review another ~~draft~~ draft of the new Executive Order on security classification.

28 February 1972

Houston said that he and [redacted] Deputy Director of Security, recommend the Director concur in the new Executive Order on classification, in light of their understanding with NSC staffer David Young, that some of the features of the Executive Order may not materialize. A brief discussion followed and the Director asked Houston to review the matter with him.

~~XXXXXXXXXX~~  
2 March 1972

Houston reported that the draft Executive Order on classification has undergone a few minor changes. He noted Director's letter to John Ehrlichman, dated 7 December 1971, with respect to our position on problems related to declassification and suggested that a copy be provided David Young, NSC staffer. After a brief discussion, the Director interposed no objection.

6 March 1972

The Director noted his memorandum to the Deputies and Independent Office Heads, subject: "Allegations of Assassinations." He asked that it be mentioned at Staff Meetings.

21 March 1972

The Director said that the President has seen his 17 February memorandum on reducing disclosures of classified intelligence and directed the White House staff to prepare a memorandum urging that all agencies comply with proper disclosure procedures.

22 March 1972

Houston reported that he is scheduled to meet with John Ehrlichman this morning.

23 March 1972

Maury reported that, after checking with Egil Krogh of the White House staff, he has made arrangements to brief Congressman Leser Wolff of New York on the Agency's role in international narcotics control.

1 May 1972

DDS related that the Director of Security has received a request from the Secret Service to provide two technicians in support of the Vice President's trip to Tokyo. The Director concurred.

2 May 1972

DDS reported that the Director of Security has received a request from the Secret Service for counteraudio technicians to support the President's trip to Moscow. The Director concurred.

11 May 1972

Houston noted his correspondence with White House staffer David Young pertaining to our problems with Executive Order 11652 and added that Mr. Young has accepted our position on about 90 percent of our problems with the implementing draft directive.

24 May 1972

Houston explained that he had obtained White House Staffer David Young's understanding that we will not meet the 1 June deadline for producing internal Agency regulations implementing the NSC directive on Executive Order 11652. A brief discussion followed on the cumbersome bookkeeping and declassification authorities which may be required. The Director observed that the topic was sufficiently important for us to be in no great rush to meet a 1 June deadline and Houston assured him that Mr. Young understands.

6 June 1972

Thuermer explained that he will continue working with the General Counsel in response to Charles Nesson's efforts to serve a subpoena on him in connection with the Ellsberg case. He noted the related article by Robert A. Wright in today's New York Times, "Hearing Is Asked In Ellsberg Case."

7 June 1972

Houston noted a letter from the Justice Department conveying a subpoena directed to Angus Thuermer in connection with the Ellsberg case. He highlighted the schedule of documents requested, most of which were mentioned in footnotes to the Pentagon papers. He noted plans to ask Justice to declare the material irrelevant to the case.

6 June 1972

Houston said that he will be attending a meeting called by DOD General Counsel Buzhardt, who is recommending that Justice drop the case against Daniel Ellsberg.

19 June 1972

The Director noted the 17 June arrest of James W. McCord and four others who were apprehended at the Democratic National Committee headquarters at the Watergate. With the Director of Security present to provide biographic details, the Director made it perfectly clear that responses to any inquiry with respect to McCord or Howard Hunt, who may be implicated, are to be limited to a statement that they are former employees who retired in ~~EMM~~ August and April 1970 respectively. The Director asked that this guidance be disseminated via staff meetings. The Director asked that any inquiry from other elements of the government be referred to the Director of Security who is to be the focal point. Inquiries from the press are to be referred to Mr. Unumb who may say that McCord worked in the Office of Security. The Director noted that we have no responsibility with respect to an investigation except to be responsive to the ~~EM~~ FBI's request for name traces. It was noted that Howard Hunt may have done some work since retirement in connection with the preparation of supporting material for some awards. The Executive Director was asked to review this topic and report to the Director.

20 June 1972

In response to the Director's request, the Director of Security highlighted developments over the past twenty-four hours with respect to the McCord/Hunt, et al., situation. He noted that the late edition of the New York Times carries a different story by Tad Szulc than that which appeared in the edition received here (attached). The Director of Security anticipates some inquiries on Bernard L. Barker's situation, and it was noted that Mr. Barker was hired by the Agency in 1960 and terminated in 1966. The Director complimented Unumb on his handling of inquiries and asked that future inquiries be met with a response confined to the fact that, now that we have acknowledged that both McCord and Hunt are former Agency employees, we know nothing more about the case and the caller should be referred to the FBI as appropriate.

20 June 1972

DDS noted that in response to State's request its chauffeurs who drive the Secretary of State and other senior State officers will be given a one-day defensive driving orientation at [REDACTED]

MM

20 June 1972

The Director noted receipt of a paper on a safehouse in Miami which is being made available to the Secret Service in support of its work in connection with the Republican and Democratic National Conventions. He asked the ADDP and the DDS to make it absolutely clear [REDACTED] that our cooperation in this undertaking is to be confined to provision of the safehouse and that it is not to be used as a site for investigations, interrogations, or "walk-ins", etc. The Director added that we will not loan people to the FBI or Secret Service in connection with their responsibilities at the Conventions nor will we provide equipment unique to the Agency.

21 June 1972

In view of the coverage in today's New York Times and Washington Post, Maury recommended that Chairman Nedzi be briefed on the McCord affair and that this briefing include all our information about the others involved. The Director asked Maury to touch base with the Director of Security and prepare a briefing paper on this topic for his review. Citing the number of distorted rumors about this matter, the Executive Director said that during the course of the day he hopes to provide a suggested Headquarters Bulletin for all employees for the Director's review.

Unumb noted a number of inquiries from the press with respect to the Cuban-Americans involved in the bugging attempt at the Democratic National Committee headquarters and their alleged involvement in the Bay of Pigs, etc. The Director asked that such inquiries be met with an explanation that we are not prepared to be helpful on this matter.

00297

22 June 1972

Unumb observed that inquiries on the McCord/Hunt situation seem to be slackening off.

23 June 1972

The Director called D/OCI's attention to coverage of the McCord affair in the Metro Section of today's Washington Post and asked that future issues of the "CIA Operations Center Morning Newspaper Highlights" include press items on this topic.

Maury noted that he briefed Chairman Nedzi on the McCord/Hunt situation and on a security case.

26 June 1972

Houston noted the Fensterwald Freedom of Information case. The Director endorsed his plans to concur in the FBI's release of three photos, one being of Lee Harvey Oswald, which were acquired in Mexico and previously furnished to the Warren Commission.

00298

5 July 1972

Houston called attention to the judge's ruling in the Ellsberg/Russo case denying the ~~MEMORANDUM~~ defense motion for an evidentiary hearing, as a result of which the subpoena directed at CIA is suspended.

11 July 1972

DDI noted press attention attached to Secretary of Commerce Peterson's planned trip to the Soviet Union and observed that [redacted]

It was also noted that [redacted] a secretary assigned to Peterson's office when he was Assistant to the President for International Economic Affairs, continues to work for him and may go to the Soviet Union. She will be in a LWOP status during the remainder of her tenure with the Secretary.

14 July 1972

Carver recalled that we have provided some briefings to Senator Eagleton on Vietnam. The Director said that in time we will receive instructions from the White House on briefing Senators McGovern and Eagleton.

20 July 1972

Houston reported that the Justice Department is anxious that no comment be made on the Ellsberg/Russo trial and that any inquiries should be referred to the Justice Department's Public Relations Office.

24 July 1972

Houston noted that he had called David Young's attention to the fact that the White House (NSC Staff) is not utilizing the new classification procedures.

25 July 1972

Maury reported that according to White House Staffer John Lehman, David Young is of the opinion that Estimates are subject to declassification after ten years. Houston will see Mr. Young to straighten him out on this topic.

26 July 1972

The Director . . . went on to ask the DDS for the background of a decision to have [ ] of the Office of Security accompany Fred Flott on a White House survey of the drug scene in Southeast Asia. The Director said that in the future his or the DDCI's prior approval will be required in all cases where the Agency is asked by the White House or any other element of the Government to send an Agency officer on a narcotics-connected mission.

27 July 1972

He added that we are exempted from related CSC regulations, and the Director endorsed his plan to provide only the dates of their departure from the Agency in the event the Senator's office calls us on this matter.

3 November 1972

Houston recalled that last August he reported on a call from Howard Hunt and his subsequent guidance to [redacted] on how to handle affiliation with the Agency, [redacted]

The Director highlighted his conversation with David Kraybill of the Washington Star News and his flat denial of a proposed story that the Agency was asked to report on the Democratic Party which led to the Watergate incident and others. The Director noted his plans to issue a statement of denial if such a story were to appear and suggested that the former consider drafting one for contingency use.

15 November 1972

DDP noted a report from Chief, WH Division that on 9 October a Mr. Harper of the New York Times was working on a story which tries to link the Agency with Cuban emigres, the break-in at the Chilean Embassy, action against Daniel Ellsberg, and the Watergate case. The former observed that this is the first he has heard about this topic, and the DDP concluded that such a story could have no basis in fact and it would be inadvisable to try to straighten out Mr. Harper.

20 November 1972

DD/I called attention to Jack Anderson's column in today's Washington Post and the quotes contained therein from an Agency report on a famous singer. The Director highlighted his brief conversation with Jack Anderson and explained that the Director of Security is looking into this matter.

12 December 1972

Thuermer noted an inquiry from Dave Burnham of the New York Times, who appears to be writing a story on the twelve New York Police officers who were briefed by the Agency on information processing. A brief discussion followed, and Thuermer will advise Burnham that we have occasionally provided briefings at the request of various police organizations, but these are exceptional cases.

13 December 1972

The Director noted the article by Thomas B. Ross in yesterday's Evening Star-News, "New Watergate Dimension?," and the impression left therein that the Agency was involved in the Watergate incident because a passport bearing the name Edward Hamilton was found on Frank Sturgis. Any inquiries from the press or elsewhere are to be met with a "this is nonsense" reply. The Executive Director noted work under way to identify the genesis of the passport story.

29 December 1972

Unumb reported that Seymour Hersh of the New York Times, who is preparing a story on the Watergate incident, had asked if Martinez had been employed by the Agency. Acting DCI recommended that the Agency not assist Mr. Hersh's efforts.

Thuermer reminded those concerned that [redacted] is a former Agency employee.

12 January 1973

[redacted]

15 January 1973

Maury noted press stories that Watergate defendant Martinez was on the Agency pay roll until 17 June and anticipated some inquiry on this topic. The DDP endorsed his view that whereas Martinez was intermittently used as a source to report on Cuban exile matters, this relationship should cause no serious difficulty.

17 January 1973

The Director called attention to the article by James Reston "The Watergate Spies" contained in the New York Times, and wondered how Reston got the erroneous impression that Hunt was " . . . Operational head of the CIA's Cuban Bay of Pigs . . . "

18 January 1973

Maury reported that when he and Dave Blee, Chief/SB, saw Chairman Nedzi with respect to the Chairman's forthcoming trip to Finland, Leningrad, Sofia and Aghens, Chairman Nedzi briefed on his November conversation with New York Times correspondent Seymour Hersh. Maury went on to highlight the several topics and allegations Hersh claims he has with respect to Agency activities, particularly allegations that we are engaged in extensive domestic operations. Maury will circulate a memorandum on the information Hersh claims he has. The Director explained that we should assemble a senior team to meet with Chairman Nedzi and clearly outline what we do and do not do in the United States. The Executive Director called attention to his 29 February 1972 memorandum to the deputies, Subject: Allegations of Agency involvement in the US, and suggested that it might serve as an outline for material to be covered with Chairman Nedzi.

18 January 1973

Maury noted that in response to Tom Korologis' (Special Assistant ~~to~~ to the President for Legislative Affairs (Senate)) request for materials on instances where classified information had been leaked to the press, he assembled a paper on this topic and provided it with a note that an examination of most leaks reveals that ~~the~~ the White House and Executive Branch are the guilty parties.

19 January 1973

Maury reported that Chairman Nedzi would like the full Subcommittee on Intelligence Operations to hear a presentation by us on Agency activity in the United States sometime in mid-February. The Director noted that his decision of yesterday to turn out a senior team for this briefing stands.

22 January 1973

General Walters noted Howard Hunt's appearance on television last night. Thuermer will obtain a transcript of the program, and the Executive Director noted his concern over Hunt's suggestion that he is no longer bound by his secrecy agreement.

23 January 1973

Executive Director noted that the terminal secrecy agreement which Howard Hunt signed said that he will be acknowledged as an Agency employee. His assertion that he is not bound by the agreement because we did in fact acknowledge his employment here is therefore ill-advised.

The Director noted a call from Elliot Richardson asking about some information that Seymour Hersh has developed to the effect that HEW automatically provides the Agency with travel orders on its employees and that this agreement was made in Secretary Ribicoff's time. The DDI will determine what this is about and advise.

24 January 1973

Maury noted that he met with Congressman Koch on our minimal assistance in briefing the New York City police officers. The Congressman would like something in writing on this, which Maury will prepare and sign.

24 January 1973

Thuermer noted advice from a former Agency employee that Seymour Hersh has been assigned full time to the Watergate story, but in the meantime, Mr. Hersh claims he has evidence of Agency interest in an arsenal in the Midwest, a map-making facility in Vermont, and in Camp Peary.

26 January 1973

The Director noted he has advised the Director of Training of Mrs. Lyndon Johnson's request for Marie Chiarodo to handle the large volume of mail she has received.

DDI reported that he has been unable to turn up any information which would lead Seymour Hersh to allege that we have a map-making facility in Vermont.

30 January 1973

Thuermer reported that the Virginia Gazette seems to be persisting in its efforts to embarrass Camp Peary and has been in touch with Victor Marchetti and Patrick McGarvey, who have tended to confirm allegations that the Phoenix program was supported by contract assassins.

7 February 1973

Maury noted that Mr. Helms is appearing before the Senate Foreign Relations Committee this morning on police training, KRM ITT, and the Watergate incident. He also noted that he has solicited the support of Senators Humphrey, McGee, and Scott to make appropriate public statements following Mr. Helms' appearance.

8 February 1973

The Director noted his scheduled meeting tomorrow with Defense Secretary Richardson and asked Executive Committee members to give him a note on any item they wish him to raise with the Secretary. Candidates are . . . Secretary Richardson's earlier concerns with respect to HEW providing the Agency with travel plans of officers going to Communist Bloc countries. On the latter item the DDI explained that since Secretary Richardson's inquiry to Mr. Helms (see minutes of 23 Jan 73), a survey had been undertaken and reviewed with HEW, which had no problems with these old arrangements but is shifting the point of pickup to its public affairs staff where such information is available to anyone.

00306

8 February 1973

Maury noted the statement by Senator Fulbright following Mr. Helms' appearance yesterday before the Senate Foreign Relations Committee in which the Senator expressed his opposition to the whole concept of the Agency getting involved with the police even in an innocuous way. Maury added that he will see Chairman Holifield's staff assistant Herbert Roback today. Maury said that a statement had been transmitted to the White House yesterday for John Ehrlichman's possible use (attached). The Director asked that a contingency document be prepared along the lines that we will continue to comply with the Omnibus Crime Control and Safe Streets Act of 1968 which approves of our assistance to various police forces when ~~authorized~~ authorized by the Justice Department. In response to the DDI's suggestions, the DDS will review what assistance to police forces had been given prior to 1968 and advise.

Maury concurred in the Director's judgment that it is impossible to keep all congressional elements happy and that we face a period of increased criticism from this quarter which must be met with firm assurances that what we are being criticized for is fully authorized and justified. Unless the facts justify such a statement, we would be well advised to terminate the activity in question.

Maury recalled that we are obligated to sit down with Chairman Nedzi and review what we do and don't do in the U.S. (see Morning Minutes of ~~MEMM~~ 18 and 19 January). The Director concurred. The DDI suggested that we undertake an in-house review of what it is we are doing within the U.S. and identify and eliminate the marginal.

9 February 1973

Maury said he spent an hour yesterday with Congressman Holifield and they decided to have their respective staffs work on a letter for Holifield to send to the Director suggesting restrictive, but not prohibitive, guidelines regarding such activities in the future. Maury noted Chairman Nedzi's current concerns about this topic and said the proposed ~~MEMM~~ letter may satisfy his worries.

14 February 1973

Thuermer noted advice from Nicholas Horrock of Newsweek that a "soft story" is floating around Newsweek on the general topic of political espionage and ex-CIA agents. Mr. Horrock asked what constraints we have on former employees. A lengthy discussion followed, noting in particular that the only legal constraint imposed is the terminal secrecy agreement as reinforced by the ~~MEMM~~ courts in the Marchetti case. Other than this, there are no constraint except moral ones. Thuermer will advise Horrock that thousands of employees have gone through CIA, and it is a matter of considerable pride that only a handful have deported themselves improperly.

00307

15 February 1973

. . . . . Maury added that he went over (with Nedzi) Seymour Hersh's charges with respect to the Agency and our position on each. DDI recalled our obligation to brief Chairman Nedzi on Agency activities in the US.

20 February 1973

Maury related that Herb ~~HM~~ Roback of Senator Holifield's staff is being asked by David Burnham of the New York Times for the names of those city police departments we have briefed in the past. The DDS called attention to our obligation to clear with these police departments any mention of their having been briefed. In response to the Director's suggestion that the Agency issue a press release on this topic, a lengthy discussion followed and the Director asked the DDS to report to him on what our understanding with various police departments has been prior to our agreement to brief same. He also asked that editorial comment on any past Agency briefing of the press or press releases be assembled and explained that in principle we should from time to time ~~make~~ make it known that we are part of the U.S. Government.

23 February 1973

Maury noted that Herb Roback of Senator <sup>Ho</sup>lifield's staff and Chairman Nedzi have concurred in a letter for the Director's signature which will indicate that we will undertake training of U.S. police "only for the most compelling reasons." A brief discussion followed and the Director observed that it is important for us to decide what we do and then advise the Hill accordingly.

27 February 1973

The Director noted a call from Senator Jackson, who asked him to meet with Senator McClellan sometime next week with regard to Congressman Holifield's inquiry concerning Agency training of U.S. police departments.

1 March 1973

Maury related that former Director Richard Helms has been asked by Senator Fulbright to reappear before the Senate Foreign Relations Committee. Maury said that Mr. Helms would probably be queried on the Watergate incident, Agency training of police, and ITT and went on to describe Mr. Helms' anticipated response.

1 March 1973

Maury reported that Congressman Holifield's staff is anxiously awaiting a letter from the Director in response to the Congressman's written inquiry on police training. The Director noted plans to forward it.

2 March 1973

Maury highlighted yesterday's LIG meeting at the White House and his recommendation that we not provide examples of Congressional leaks of classified information for White House use in reacting to Congressional criticism of the Administration's "indiscretions." The DDS advised that the Office of Security is keeping a reasonably complete record of obvious leaks of intelligence information in the press and elsewhere.

5 March 1973

Maury highlighted the statement Congressman Holifield will introduce into the Congressional Record today on Agency briefing of U.S. police forces. He also noted a related news release that will be issued by the Congressman's office.

6 March 1973

Maury highlighted Congressman Koch's reaction to our response to Congressman Holifield's letter concerning police training, as reported in today's press. Maury noted that Congressman Koch plans to ask GAO for a ruling on this matter, and the Director suggested that Colby provide some guidance to Comptroller General Elmer Staats.

The Director noted ~~Advise~~ that Hugh Sidey of Time magazine plans to write a story alleging that Howard Hunt was employed by a cover organization, i.e., Robert R. Mullen Company, when he left the Agency. Colby noted that this company is a completely private concern but has provided cover for one or two officers overseas. The Director asked Thuermer to be prepared to cope with any inquiries when the story appears.

9 March 1973

DDI called attention to Joseph Alsop's article in today's Washington Post, "Analyzing the CIA's Analysts," which erroneously refers to Sam Adams as a former employee. Later in the meeting, Houston explained why the allegation that the Agency has tried to muzzle Adams is false. He went on to brief on [redacted] communications with Justice and the fact that the judge ruled Adams' material was not exculpatory. In response to the Director's question, the DDI reported that Mr. Adams has not been placed on probation. The Director found this unsatisfactory.

Houston explained the legal implications of the subpoena served on Thuermer for documents related to the Ellsberg case and advised that the Director may have to claim executive privilege.

15 March 1973

Houston said that the judge squashed the subpoena served on Thuermer (see Morning Minutes of 7 March).
