6. Follow-up Action from STC Retreat of 29-30 September

(U) Mr. Hazzard sent a memo to EXO/DDS&T providing NPIC comments on the questions resulting from the [redacted] Retreat of 29-30 September. All the actions pertain to personnel management.

\* 7. Support to Environmental Protection Agency

(U) Mr. Hazzard forwarded a memo to the DDS&T requesting approval for NPIC to loan four light tables and associated optics to EPA for their use in a mapping program. Mr. Hazzard believes this is permissible assistance to a non-intelligence Government Agency as provided for in Section 2-309 of EO 12036. (INOW)

8. Requisition for EK Kodabrome II Paper

(C) Mr. Hazzard approved the expenditure of [redacted] for photo supplies. This is the first FY 79 requisition of photo supplies by ISD/PSG. FY 79 budget provides a total of [redacted] for this line item.

10. Levinson Seminar

(AW) DDS&T Admin reported today that [redacted] had been selected as an alternate for the Levinson Seminar to be given in December. This was the result of a selection made by Dirks of DDS&T candidates. AEM passed this word on to [redacted] this afternoon.

\* 11. Request from Dr. [redacted]

(USA) Last Friday RPH ran into Dr. [redacted] at Headquarters. Dr. [redacted] questioned whether NPIC was utilizing the [redacted] imagery [redacted]. Later on Friday RPH met with Duvall and asked IEG to prepare a short memo on what we were getting from this imagery. Also late Friday, Brugioni came up with a new find [redacted]

15. FOIA - UFO Request

(Alvo) [REDACTED] reported to AEM this morning that a local radio station, WPGC, had broadcast today on an alleged UFO sighting in which NPIC had become involved in 1959. Specifically mentioned were Arthur Lundahl, the Steuart Building, NPIC and others who are involved in the current UFO litigation against the Agency. AEM instructed [REDACTED] to report this to the Office of Public Affairs. AEM also called ACL long distance at his Michigan summer residence to advise him that this matter had been aired over the radio today and that he might be in receipt of some queries as a result.

[REDACTED]

16. Commendation for [REDACTED]

(S) Admiral Robertson, Vice Director for Production, DIA, sent a letter to the Director, NPIC dated 6 October 78 expressing his appreciation for the contribution made by [REDACTED] of NPIC at the [REDACTED]

17. Environmental Protection Agency Request for Support

(TSTA) [REDACTED] Chief, Imagery Services Division, PSG, sent a memo to the Director, NPIC dated 18 October 1978 stating that on 16 October Mr. Robert Holtz of the Office of Monitoring and Technical Support R&D/EPA requested seven briefing boards of [REDACTED] coverage from [REDACTED] photography.

[REDACTED] NPIC was asked to produce the boards because EPA does not have enlarging capability beyond 10X.
