*Dear General White,*

I expect that you will have heard through Staff channels that by June next year we should be able to start phasing out the arrangements under which you have made Project 'E' weapons available to us for the 'V' Force.

Now that the termination of this programme is in sight, I should like to say how very grateful we are to you and your Government for the help you have given us in connection with this project over the past few years. It goes without saying, of course, that the ending of these arrangements will not mean any slackening of the already close co-operation that exists between our two Air Forces.

*Yours ever*  
*Tom Pike*
