Independent Auditors' Report

The Board of Directors National Security Archive Fund, Inc. Washington, DC

Opinion

We have audited the financial statements of the National Security Archive Fund, Inc., which comprise the statements of financial position as of December 31, 2022 and 2021, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the National Security Archive Fund, Inc., as of December 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the National Security Archive Fund, Inc., and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the National Security Archive Fund, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the National Security Archive Fund, Inc.'s internal control. Accordingly, no such
 opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the National Security Archive Fund, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Motthews, Outer and Boye

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1. Organization and Nature of Activities

The National Security Archive Fund, Inc. (the NSAF) is a District of Columbia non-profit corporation. Since July 1, 1999, the NSAF has been the corporate base for the National Security Archive (the Archive). The Archive was founded in 1985 under the auspices of a multi-program non-profit corporation to collect, analyze, and publish unclassified and declassified documents bearing upon U.S. foreign policy and related topics in international affairs. Its published collections of documents are used by the students and faculty of colleges and universities in the U.S. and abroad, and by journalists, researchers, and non-governmental organizations throughout the world. It also undertakes research projects and conferences to facilitate the study and open discussion of world events and trends.

Since 1995, the Archive has been located in the Gelman Library at The George Washington University (GWU) in Washington, DC. Although the Archive and GWU are separate legal entities, the Archive provides many materials and services to GWU students and faculty (including direct access to Archive document collections; research-assistant positions and internships for GWU students; assistance in the use of the U.S. Freedom of Information Act in scholarly research; and participation in frequent collaborative activities including seminars, conferences, and research projects) and receives access to various GWU facilities (including office space and telephone services; information-technology equipment and support; university library, on-campus parking, and athletic facilities; participation in the services of the Washington Research Library Consortium; and advice and assistance from GWU faculty in the formulation and undertaking of Archive research projects). The services and opportunities GWU and the Archive provide each other are significant and mutually beneficial, including many intangible elements. Where appropriate, the fair value of the services provided and received is reflected in the NSAF's financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the NSAF have been prepared on the accrual basis, which conforms to accounting principles generally accepted in the United States of America.

Basis of Presentation

The NSAF follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities*. FASB ASC 958 specifies that financial statements provided by not-for-profit organizations include statements of financial position, statements of activities, statements of functional expenses, and statements of cash flows. Contributions are recognized as revenue when they are received or unconditionally pledged. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions.

Accordingly, net assets of NSAF and changes therein are classified and reported as follows:

Net assets without donor restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of NSAF's management and the Board of Directors.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2. Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Concluded)

Net assets with donor restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of NSAF or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. The NSAF does not currently hold net assets with perpetual donor restrictions.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities and changes in net assets.

Management Estimates and Uncertainties

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid bank accounts. At December 31, 2022 and 2021, NSAF's cash and cash equivalents were held by one bank. The balance on deposit at times may exceed the amount insured by federal agencies. The NSAF does not believe that, as a result of this concentration, it is subject to any unusual financial risk beyond the normal risk associated with commercial banking relationships.

Grants Receivable

The NSAF accounts for grants and contributions under FASB ASC 958, which requires the NSAF to record a receivable to reflect the promises of donors to make future grants. Under Accounting Standards Codification Topic 820, Fair Value Measurement (FASB ASC 820), grants receivable are initially recorded at fair value and are discounted to their net present value using an appropriate market rate. No allowance for doubtful accounts was considered necessary at December 31, 2022 and 2021.

Royalties and Accounts Receivable

Royalties and accounts receivable consist of a limited number of customers. Management deems all amounts due to be collectible; therefore, no allowances for doubtful accounts have been recorded as of December 31, 2022 and 2021. The balances of royalties and other receivables were \$158,918 and \$2,118 as of December 31, 2020.

Property, Plant, and Equipment and Depreciation

Property, plant, and equipment are recorded at cost at the date of purchase or fair market value at the date of donation. Acquisitions greater than \$1,000 of property and equipment are capitalized. Computer and office equipment are depreciated using the straight-line method over their estimated useful lives of five years. Leasehold improvements have been fully amortized as of December 31, 2022 and 2021.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Summary of Significant Accounting Policies (Continued)

Revenue Recognition

NSAF adopted ASC 606, Revenue from Contracts with Customers, on January 1, 2019. The standard outlines a five-step model whereby revenue is recognized as performance obligations within a contract are satisfied. The five-step model is:

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligations in the contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognize revenue when (or as) the entity satisfies a performance obligation

Royalties due to the NSAF from co-publishers are recorded as revenue in the periods in which they are earned from the sale of publications or subscriptions. The royalties income is recognized at a point in time which is when rights are transferred to the purchaser. Honoraria and the sales of materials are also recorded at the point in time when earned which is when rights or materials are transferred. Transaction prices for royalties, honoraria and sales are based on published stand alone prices. There is no variable consideration.

The recording of contributions and grants is outside of the scope of ASC 606. NSAF recognizes contributions and grants when cash, securities or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of the amounts expected to be collected based on a market rate of return.

Income Taxes

NSAF is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code and the applicable state income tax regulations, except for taxes on unrelated business income. Because the NSAF had no unrelated business income for the years ended December 31, 2022 or 2021, no provision for income taxes has been made in the accompanying financial statements.

FASB ASC 740, *Income Taxes* prescribes a model for how an entity should recognize, measure, present, and disclose in its financial statements uncertain tax positions that the entity has taken or expects to take on a tax return. FASB ASC 740 requires an entity to recognize the benefit of tax positions when it is "more likely than not" that the provision will be sustainable based on the merits of the position taken by an entity. The NSAF has analyzed its tax positions, and has concluded that no liability should be recorded related to any uncertain tax positions. The NSAF is not aware of any tax positions that it believes will change materially in the next twelve months. If this position changes, the NSAF will assess the impact of any such matters on its financial position and results of operations.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2. Summary of Significant Accounting Policies (Continued)

Grantees and Indemnifications

NSAF may enter into service agreements with service providers in which it agrees to indemnify the service provider against certain losses and liabilities arising from the service provider's performance under the agreement. Generally, such indemnification obligations do not apply in situations in which the service provider is grossly negligent, engages in willful misconduct, or acts in bad faith. The NSAF is not aware of any liability under such service agreements for the years ended December 31, 2022 or 2021.

Functional Allocation of Expenses

The costs of providing the NSAF's various programs and supporting services have been summarized on a functional basis in the accompanying financial statements. Costs that can be identified with a particular program or support function are charged directly to that program or function. Salaries and related costs have been allocated among the programs and supporting services based upon the proportion of these costs applicable to each program. Other costs have been allocated to program expenses and supporting services based upon management's best estimates.

Leases

At contract inception, the NSAF determines if a contract is or contains a lease and whether the lease should be classified as an operating or finance lease. Operating leases are included in operating lease right-of-use ("ROU") assets and operating lease liabilities on the accompanying statements of financial position.

ROU assets represent the NSAF's right to use an underlying asset for the lease term and lease liabilities represent the NSAF's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the NSAF will exercise that option. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term. NSAF has elected to expense payments for short-term leases with a term of 12 months or less, as these leases are not included as lease liabilities or right of use assets on the statements of financial position.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the NSAF has elected to use a risk-free discount rate determined using a period comparable with that of the lease term for computing the present value of all lease liabilities.

The NSAF has elected not to separate non-lease components from lease components and instead accounts for each separate lease component and the non-lease component as a single lease component.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2. Summary of Significant Accounting Policies (Concluded)

Recently adopted accounting pronouncement

On February 25, 2016, FASB issued Accounting Standards Update ("ASU") No. 2016-12, Leases (Topic 842). Accounting Standards Codification ("ASC") Topic 842 supersedes existing lease guidance, including ASC 840 - Leases. Among other things, ASU 2016-02 requires recognition of a right-of-use asset and liability of the future lease payments for contracts that meet the definition of a lease and requires disclosure of certain information about leasing arrangements. On July 30, 2018, the FASB issued ASU No. 2018-11, Leases (Topic 842): Targeted Improvements, which, among other things, allows companies to elect an option transition method to apply the new lease standard through a cumulative-effect adjustment in the period of adoption.

NSAF adopted the standard on January 1, 2022, using the optional transition method and, as a result, did not adjust the prior period financial statements. All prior period amounts and disclosures are presented under ASC 840. The NSAF elected the package of practical expedients, which, among other things, allows the NSAF to carry forward the prior lease terms they previously determined under ASC 840. Adoption of the new standard resulted in the recording of additional lease assets and lease liabilities on the statements of financial position, with no cumulative impact to net assets, and did not have a material impact on the NSAF's change in net assets for the year ended December 31, 2022.

Note 3. Availability and Liquidity

The following represent the NSAF's financial assets at December 31:

	2022	2021
Cash and cash equivalents Receivables, net Total financial assets	\$ 1,256,253	\$ 1,455,300
Less amounts not available to be used within one year: Net assets with donor restrictions expiring after December 31 of the following year	(424,269)	(547,409)
Financial assets available to meet general and restricted program expenditures over the next twelve months	<u>\$ 2,385,259</u>	\$ 2,019,253

NSAF is substantially supported by restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, NSAF must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of NSAF's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 4. Defined Contribution Retirement Plan

In April 2002, the NSAF established a defined contribution retirement plan for its employees under Section 403(b) of the Internal Revenue Code. All non-temporary employees may make contributions to accounts under the plan on a pre-tax basis, subject to the maximums provided by law. In cases in which employees who are at least 21 years of age and who have been employed by the NSAF for at least two years without a break in service, and contribute five percent or more of their salaries, the NSAF makes contributions to their retirement accounts established under the plan equal to ten percent of their salaries. The NSAF's contributions to employees' accounts under the plan totaled \$155,783 and \$165,000 for the years ended December 31, 2022 and 2021.

Note 5. Commitments

Under the terms of a license agreement, the NSAF pays GWU \$50,000 a year for office space and certain related facilities and services. The agreement, which commenced in January 1995, runs in automatically renewable five-year periods and is cancelable upon nine months' notice by either party.

Cash paid for amounts included in the measurement of lease liabilities was \$48,458 for the year ended December 31, 2022. The Right-of-Use (ROU) assets obtained in exchange for operating lease liabilities totaled \$147,045 for the year ended December 31, 2022. The accumulated amortization of the ROU assets as of December 31, 2022 was \$48,458. The rent expense under the lease agreements for the years ended December 31, 2022 and 2021 totaled \$50,000 each year.

Maturities of the lease liabilities as of December 31, 2022 are as follows for the years ending December 31:

2023	\$	50,000
2024		50,000
Total	\$	100,000
Less: imputed interest		(1,413)
Total present value	\$	98,587
Less: lease liabilities, current portion	<u> </u>	(48,956)
Total lease liabilities, net of current portion	\$	49,631

Other Information- Operating Leases:

Weighted-average remaining lease terms (in years)	2 years
Weighted-average discount rate	1.37%

The NSAF leases office equipment from commercial suppliers under non-cancelable leases; future gross minimum annual rental payments to be paid under these leases as of December 31, 2021 totaled \$9,309 (payable during 2022 through 2023). Rent expense under the lease agreements for the years ended December 31, 2022 and 2021 totaled \$5,316 each year.

NOTES TO FINANCIAL STATEMENTS
