CMO's #1 Priority - Operationalizing MASINT

“The process by which technical MASINT data are collected, analyzed, and provided to commanders and their staffs, and other customers, in a manner and form that is both relevant and timely so that they may be better able to execute their operational missions” -- LTG Hughes

CMO Vision

- Operationalize MASINT support to the warfighter and national customer by:
 - Establishing the US MASINT System
 - Sustaining consumers during peace, crisis or war
 - Developing appropriate resource and technology solutions

These Efforts Will Be Addressed In Later Briefings
