Subject: Re: Aulaqi email matter

The attached EC describes a recent telephone conversation I had with Aulaqi...based on my sending him an e-mail asking him to call me. He seemed to be agreeable to meeting me in the UK in March, 2004...I've not yet discussed the options/feasibility for doing this with my WFO chain of command or HQ SSA.

If I get the FBI's approval to meet Aulaqi in the UK, I'll be communicating with him by e-mail...he didn't give me his telephone number (he said he was calling me from a phone booth).

>>> [Redacted] 11/26 11:37 AM >>>

The Aulaqi email issue popped up again, and I've been tasked to report to the 9/11 Commission how we handled this. Can you please provide me with a complete update on the email issue? I've attached several earlier emails addressing this matter in the event they may assist your recollection of events.

Thanks for your help.

Anwar,

I need to start making plans for a trip to England in March, 2004. Can you give me some idea of when you will be in the UK, where you will be staying (city and hotel), and when you will be available to meet.

I still need to get approval for overseas travel from my headquarters & our liaison in the UK...in this regard I need to be able to specify a time frame and location in my travel request.

Feel free to call me if you so desire, I'll be in town all next week.

Our response will be as we discussed last week on the phone. Unfortunately the case agent [redacted] is tied up on trial prep for a major case on the squad and has not been able to type the EC we discussed. If you need to respond this afternoon here is WFO's position.

(S)

[redacted] There is no indication he plans to return to the U.S. [redacted]

SA [redacted] has had a conversation with Aulqi and has tentatively set up an interview for mid March in London. With the Va. Jihad trial scheduled for early Feb. this will be the earliest SA [redacted] can meet Aulqi.

Commission executive director [redacted] via his staff, have been making daily inquiries regarding the Aulqi questions presented in the ec to WFO....it was also a topic at the 2 day penttbom conference last week. Wish I could tell you why aulqi is such a big deal, but with the Commission, the sky is the limit. In any event, have you guys been able to specifically address the questions?? I've been asked to respond sometime this afternoon.
